Stage

Please provide a nice, sturdy and flat stage measuring at least 4 x 3 metres and, if possible, a drum carpet.

PA

Please provide a professional PA system adequate for the venue and setup for the best possible coverage of the audience area. Make sure that a tech is present at the venue from load-in to end of show.

FOH & Monitoring

Minimum 16 channel (+4x ST FX return) professional mixing console.

Monitors

We need 5 mono monitor ways for the band and 1 stereo for the main vocalist – all are wired IEM except for the vocalist.

Optional Stage Mixer Setup (XR18)

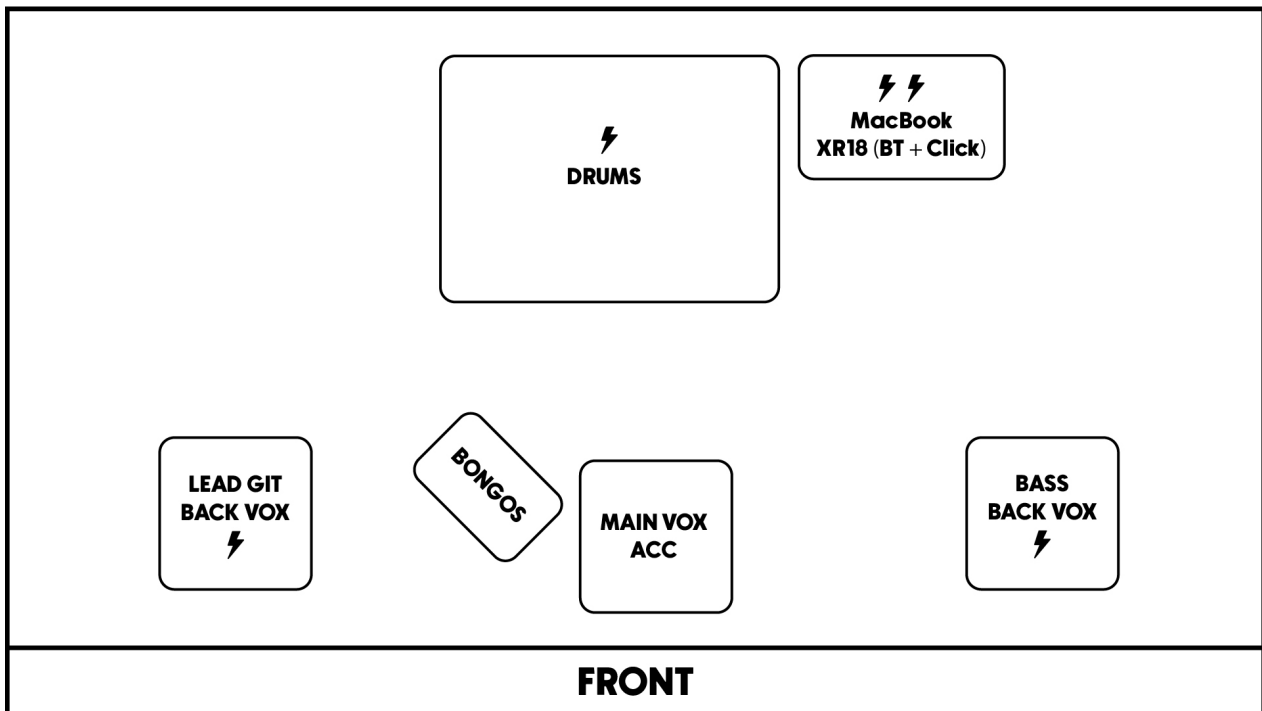

As an option, we can run the show via our own stage mixer (Behringer XR18 + iPad). In this setup, our in-ear monitoring for 4 band members as well as a pre-balanced FOH mix are already prepared.

We would only need a technician to fine-tune the mix to the house PA and to supervise the system during the show.

If the venue prefers to work with its own FOH and monitoring setup, that is of course absolutely fine for us.

In this case, please allow sufficient soundcheck time, as we are running wired IEMs for 4 musicians.

Catering

Please provide a hot meal for 5 people or buy out 20€ p.p.

Additional on Arrival:

- + Organic Sandwiches (assorted veggie)
- + 20 bottles of your favourite local beer
- + Sufficient non-alcoholic drinks and water the whole evening
- + Coffee, Tea-cooker
- + 1/2 liter (small carton) of vegan milk (any Barista will do)
- + Some sweets like chocolate and mixed nuts
- + 2 Black or dark coloured towels for the stage

Accommodation

5 beds in a nice, quiet hostel/hotel with breakfast would be great! If it's a clean, comfortable place where we can take a shower, a privat accommodation (shared flats) is also ok.

Guestlist

The artist requires **1 guest list entry (+ optional +1) per travelling member**, subject to venue capacity.

Transport & Parking

RUHMER travels in a VW Bus or via public transport. To avoid the usual parking problems, we would like to ask you to figure out where the band can park their van! If the band travels by public transport, we would love it if you would arrange a pickup from the nearest train or bus station. Thank you very much for your consideration!

Thank you for your efforts, but we know - sometimes it's only Rock'n'Roll and if our demands can not meet with your resources please let us know!
